

Mandatory Class Suggestions

Two suggestions were submitted last year for new classes. In order for these classes to be considered as mandatory classes, they need to have 2 years of history from regional shows. Therefore, we are asking all regions to include these classes in their prize list for the next two years, starting with this year. Listed below are the two class suggestions along with description of the classes. If you have any questions, please contact Tammy Wood at (717) 548-2923 or by e-mail twood@epix.net. We thank you for your cooperation.

Class #1 Suggestion:
